

~Mrs. Yeomans' Math Classroom Expectations and Tips ~

1. Come in and sit in your seat. Quietly get out your homework and be prepared to begin.
2. Be Prepared with:
 - Pencils and erasers, red pen for grading
 - Math Notebook-to include regular paper for notes and graph paper for homework
This may be a part of your regular binder or a separate notebook.
 - Planner- you will need a system of organization. Planners are a great help. I don't do planner checks unless a student is not handing in homework. Parents do not have to sign them.
 - Textbook
 - Calculator-**You may not borrow. (Walmart has these for around \$1-2)**
3. Come prepared to take 30 minutes to diligently focus...**think about this!**

★ **Learn to put your blinders on!** ★

4. Show your work. Even if you get stuck, attempt every problem. Skip over the ones that have you stumped and come back to them later.
5. Chip away at your work. Doing 3-5 problems here and there will be surprisingly effective.
6. Never miss doing your homework...it will pile up on you if you do! I call this snowballing...it is not fun!
7. Take thorough notes. I will take a grade on notes, sometimes without prior notice for a homework grade.
8. Raise your hand if you have a question.
9. Honor God, your teacher and your classmates.
10. Do not share food or supplies.

Grade "Weights" for Prealgebra

40% tests, 30% quizzes, 25% homework, 5% participation

****Tomorrow we will talk about what you should expect each day.**

I am looking forward to a successful year! You may reach me with questions you may have before 9pm, please. Mrs. Yeomans 290-7472

Abercrombie White

Algebra I 8/24/16
