

## Science 6 - Mr. Auwarter

### Classroom rules

- Come prepared for class
  1. Book and assignments out on your desks.
  2. Writing utensils ready to go.
  3. Mind engaged and ready to learn
- Speaking in class
  1. When Mr. A is speaking, you are not.
  2. When another person is given permission to speak, you are not.
  3. Group discussions are encouraged, but we must remember to be respectful to those speaking already. Please raise your hand to be recognized by Mr. A.
- Homework
  1. Will be limited to two days a week, typically Tuesday and Thursday.
  2. Reviewing notes daily is encouraged to prepare for tests.
- Reading assignments and quizzes
  1. Reading for the next days class will usually occur Monday, Tuesday, and Thursday.
  2. Quizzes will be given over the reading assignments at the beginning of class the following day.
- Tests
  1. We typically have three tests per quarter.
  2. Reviewing notes daily we help in the preparation for them.
- Projects
  1. The main one will be the Science Fair, which will begin after Christmas, and conclude in March (TBA)
  2. Students will be given due dates and time in class to work on them
  3. Parents are encouraged to discuss these projects with their students, but all work should be the students
  4. There will be other smaller scale projects that will be announced

- Discipline

1. We will follow the GCS discipline code, outlined in the student handbook
2. A phone call home may be used if a matter arises where Mr. A could use parental support with. :)

- Communication through: Renweb, Weekly Bible Letter,  
or Google Classroom.

- Please pray daily for your students physical, mental, and spiritual growth. Also for a God honoring 2020-2021 school year.

- I am personally excited to see what God has for us this school year
